

OXHEYS MILL STUDIOS

Winter

an exhibition of contemporary art

6th December 2013 - 25th January 2014

Call for Submissions

Since Oxheys Mill Studios was set up in May 2011, it has provided a platform for contemporary artists' practice in Preston and the surrounding area. Alongside the artists' studios, we endeavour to offer a vibrant programme of exhibitions, projects, installations, residencies, workshops, music and performance events.

For the last two years, our Winter open exhibition has proved very popular so it is back again this year - we do hope you will join us. Themed around 'winter', this is open to a very wide interpretation so we are looking for work which reflects the mood, feel or season of winter, in any media or combination of media.

Alongside the exhibition will be an area for selling cards, small prints and other items under £20 in value as this is an ideal opportunity for visitors to buy gifts and cards before Christmas.
