As part of our 5th birthday celebrations this summer, we are excited to invite submissions for the 2016 Open exhibition, to be themed around ideas relating to conservation. This can be interpreted as widely as you choose and can cover a variety of issues covering the environment, health, wildlife and more.

Local artists, students, members of Lancashire Artists Network, ArtLab Contemporary Print Studios, Preston Arts Society are all invited to participate.

The exhibition is open to artists in all media, 2D 3D and also installations, sound and live performance.

Submission details are available to download from our website.

Oxheys Mill Studios is an artist-run, not-for-profit collective of artist studios and project space, in a disused industrial mill on Stanhope St (off Brook St), in Preston. Set up in 2011 by 3 Preston-based artists, it is run on a voluntary basis, with the aim of responding to the lack of contemporary studios and exhibition space in Preston.
