

Open call for 2020

Making A Mark

We are pleased to offer a limited number of paid opportunities for artists, musicians and performers working or based in Preston, to be part of this event taking place on **Saturday 11th July 2020** between 10am-4pm on the Flag Market and at the Harris Museum (parade will arrive on the Flag Market for 12).

Just send us a proposal by February 21st 2020 - forms are on our website or at **makingamark.uk**

The theme for 2020 is “**Changing World**” which is open to wide interpretation.

Past events have included large-scale installations alongside smaller, more intimate activities, parades, street theatre, musicians, poets and more. Past participants have included some of Preston’s most successful and well known creatives, as well as those who had never previously exhibited or performed in public, creating a unique event and atmosphere. We like

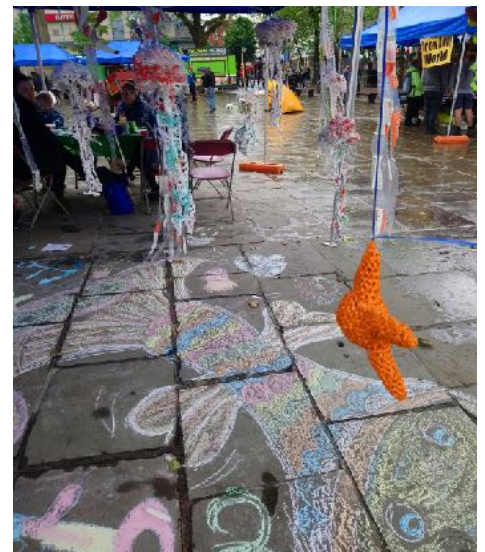

original thinking and creative interpretation so all art forms and activities will be considered - visual art, music/sound, poetry/performance or any other creative form.

Creatives may work as individuals, in groups, or collaborate with others. All work is to be made specifically for the event,

either prepared beforehand and delivered on the day, or created and delivered on the day as part of the event.
